3. COMPOSITION / INFORMATION ON INGREDIENTS

COMPONENT	% MIN	% MAX	CAS #	EINECS# / ELINCS#	FORMULA	MOLECULAR WEIGHT
lubricating oil (variable composition)	100	100	64742-52-5 (petroleum base oil, hydrotreated heavy naphthenic)		Petroleum hydrocarbon mixture	Varies g/mol

4. FIRST-AID MEASURES

Eyes	Rinse with water for several minutes. Get medical attention if irritation persists.
Skin	Wipe off and wash with soap and water. Prolonged/repeated contact may cause mild irritation or dermatitis; remove oil-soaked clothing. High-pressure injection injuries require immediate surgical attention.
Inhalation	Not a likely route. If oil mist/vapor from hot oil is inhaled, move to fresh air.
Ingestion	Low toxicity. Do NOT induce vomiting (aspiration risk for low-viscosity oils). Rinse mouth. Get medical attention if a large amount is swallowed.

5. FIRE-FIGHTING MEASURES

Suitable Media	Use water spray, alcohol-resistant foam, dry chemical, or CO2. Use measures appropriate to local circumstances.
Unsuitable Media	Do not use a solid water stream as it may scatter and spread fire.
Protective Equipment	Wear self-contained breathing apparatus and full protective clothing.
Combustion Products	May include carbon oxides and other toxic fumes. See Section 10.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Use PPE as described in Section 8. Ensure adequate ventilation. Evacuate personnel to safe areas.
Environmental	Prevent leakage or spillage from entering drains, sewers, or waterways.
Containment & Cleanup	Absorb with inert material. Collect in appropriate waste container. Dispose per applicable regulations.

7. HANDLING AND STORAGE

Safe Handling	Use with adequate ventilation. Avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. Keep container closed when not in use.
Safe Storage	Store in a cool, dry, well-ventilated area. Keep away from: Strong oxidizers. Keep containers tightly closed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Use adequate ventilation. Provide eyewash stations and quick-drench showers accessible to areas of use.
